PROFESSIONAL SUMMARY

Proficient and adaptable professional with expertise in Java, HTML, CSS, JavaScript, React and Selenium testing. Skilled in crafting dynamic web solutions using ReactJS, HTML and CSS for engaging user interfaces. Experienced in developing interactive and responsive front-end applications with ReactJS and building robust back-end solutions using Java. Applied Selenium testing framework to ensure software quality and integrity. Dedicated to continuous learning, staying current with industry trends. Committed to delivering innovative and functional projects. Ready to contribute to impactful solutions and drive excellence in your team.

SKILLS AND ACCOMPLISHMENTS

- **Programming Languages:** JavaScript | Java
- **Frontend Development:** React JS | HTML5 | CSS3 | Bootstrap | ES6.
- **Backend Development:** Java | Data Structures
- **Databases:** MySQL
- **Testing Frameworks:** Selenium | Robot Framework
- **Version Control & Collaboration:** Git | GitHub
- **Web Design & Development:** Web Designing | Web Development | REST API | JSON | HTTP
- **Code Quality:** Prettier
- **Problem-Solving**
- **Communication**
- Collaborated with 5 members full-stack team on Python application building, highlighting strong problem-solving skills and technical expertise.

PROJECTS:

1. PORTFOLIO WEBSITE:
- Designed and developed a responsive portfolio website using JavaScript, HTML5, and CSS3.
- Implemented a clean and modern user interface to showcase personal projects and skills.
- Integrated animations and transitions to enhance user experience.
- Utilized third-party libraries and tools for features like image sliders and contact forms.
- Implemented SEO best practices for better search engine visibility.

WORK EXPERIENCE

Associate Software Product Developer| Harman Connected Services, Gurgaon (05/2022) -(02/2023)

Responsibilities:

- Gained in depth knowledge of building responsive web pages using HTML, CSS, Bootstrap, JavaScript, ReactJS.
- Gained knowledge about basics of JAVASCRIPT and its libraries, worked on making the web-pages functional and perform bug fixes using developer tools.
- Familiarity with version control systems (e.g., Git) and understanding of component-based development and state management (e.g., Redux).
- Ability to work with UI/UX designers to implement intuitive user interfaces.

- Conducted code reviews, resolving 90% of bugs and enhancing application performance by 15% by utilizing AGILE methodologies.
- Strong problem-solving skills and debugging skills.
- Excellent interpersonal, teamwork and communication skills.

PYTHON DEVELOPER INTERN | IPRIMED, BANGALORE   **(01/2022) –(03/2022)**

Project | MOVIE TICKET BOOKING APPLICATION, IPRIMED, BANGALORE. (03/2020) – (02/2022)

Worked on Python and Flask Framework for Real-time Movie Ticket Booking Application. Collaborated in a cross-functional team of 5 to conceptualize, design, and develop a real-time movie ticket booking application using Python and Flask framework. Implemented end-to-end features, including user authentication, movie listings, seat selection, and payment gateway integration, ensuring a seamless user experience. Utilized Flask's microservices architecture to create efficient and maintainable codebase, enhancing application performance and scalability.

Responsibilities:

- Designed and developed interactive user interfaces using HTML, CSS, and JavaScript, enhancing application aesthetics and usability.
- Integrated real-time data updates to reflect seat availability and bookings, optimizing user decision-making process.
- Ensured application security by implementing authentication mechanisms and encryption protocols, safeguarding sensitive user information.
- Utilized Selenium and Robot testing frameworks to conduct comprehensive testing, identifying and rectifying bugs to guarantee application integrity and reliability.
- Participated in regular code reviews, providing constructive feedback to team members and contributing to overall code quality improvement.
- Engaged in continuous learning to stay up to date with emerging technologies and best practices, incorporating new insights into the development process.

Contributions:

- Collaborated closely with the team to ensure efficient communication and project alignment, resulting in timely delivery of milestones.
- Played a vital role in identifying and addressing security vulnerabilities, ensuring a secure platform for users to book tickets and make payments.

EDUCATION

BTech in Computer Science   **Graduation Year (2022)**
Maharshi Dayanand University, Rohtak, Haryana

CERTIFICATIONS
- Iprimed- Python with selenium Testing.
